

JUNE 2025

INDIANA READY MIXED
CONCRETE ASSOCIATION

IRMCA MEMBER SPOTLIGHT

CASH CONCRETE PRODUCTS INC.

CELEBRATING OVER A CENTURY OF FAMILY, COMMUNITY, AND INNOVATION

At Cash Concrete, the foundation runs deeper than concrete—it's built on generations of commitment to quality, community, and progress. Established in 1918, this fifth-generation, family-owned business has been a cornerstone of Indiana's construction landscape for more than 100 years.

Now under the leadership of Tim Cash, Neal Cash, and Brian Brinkman, the company continues to uphold its proud legacy while evolving to meet the needs of modern builders and communities. Operating out of Greencastle and Russellville, Cash Concrete serves a wide range of customers—from residential homebuilders and commercial developers to farmers constructing new barns.

Cameron Cash, Eric Arnold

IRCMA MEMBER SPOTLIGHT: CASH CONCRETE PRODUCTS INC.

Despite its long history, Cash Concrete is anything but outdated. The company remains focused on innovation and sustainability, exploring forward-looking opportunities in cutting edge concrete design, and workforce development. Cash Concrete is committed to efficiency, job creation, and smart development that balances industry needs with local impact. Giving back is as much part of Cash Concrete's DNA as pouring foundations.

President Tim Cash serves actively with Friends of the Park of Putnam County, supporting recreation, trails, and events that enrich community life. The company is consistently listed among the Putnam County Community Foundation's donors, demonstrating sustained investment in local causes and non-profits. Additionally, Cash Concrete recently partnered with Calumet Civil Contractors to supply concrete for the downtown Jamestown streetscape improvement, helping revitalize public spaces and boost small-town character.

That support goes both ways. Whether it's a town revitalization project, a local contractor building its first home, or a county official advocating for economic growth, communities across west central Indiana continue to turn to—and stand behind—Cash Concrete. Their reliability, personal service, and proven reputation have earned not just customers, but neighbors and advocates.

One thing that hasn't changed: the personal touch. When you call Cash Concrete, you're not dialing into a national hotline—you're likely speaking with an owner or someone sitting next to one. That sense of direct connection, combined with decades of know-how, makes Cash Concrete a name Hoosiers trust.

IRMCA is proud to recognize Cash Concrete as an exemplary member—where tradition, technology, and community go hand in hand.

PRESIDENT, TIM CASH
